# FORMER SOLDIERS American

Many Thousands Are Given Aid Since Leaving Uncle Sam's Service.

When the millions of youths who America's war-time army

their discharge fondly and hustled away from camp to return to the joys of civilian American Red Cross had ceased to be an important function

their lives. It had furnished them with entertainment and other enjoyment and aid while in camp, but the great majority had never felt the need of the Red Cross before entering the service and they reasoned they would not need its assistance now that they were out of it again.

Since that time many thousands have learned to know otherwise. The Red Cross was their friend in the service and they naturally turned to it when trouble and complications beset them in civilian life.

#### Nearly a Million Aided.

Through the Home Service Section, which has taken up the task of caring for the soldier and sailors after they leave the service, and their families and dependents, nearly a million men have been given assistance of various kinds. This consists principally of financial aid, finding jobs, obtaining back pay, allotments and

The states in the central division are beginning to realize some idea of the volume of information work being carried on by the Civilian Relief, a part of the Home Service department. From 1,500 to 2,000 cases are handled from each state almost every month.

The Red Cross does not confine its activities to service men only. It also takes care of his family. In a little town in Nebraska recently a certain soldier stationed at the Alcatraz barracks for discipline was granted clemency and his term reduced. But he had become so despondent that he threatened to take his life.

## Found Family Destitute.

The Red Cross investigated the condition of his family and found they were in destitute circumstances and that his mother was ill. Moreover, it was found that he had been absent without leave to go to her. Upon presentation of the facts in the case sentence was commuted and the Red Cross is helping the family to get

The fact that all the returned bodies of dead soldiers are given a military funeral may be partly attributed to the Civilian Relief bureau. While the organization does not attend to the funeral directly, it gives instructions through the American Legion and where the family is financially unable to take care of the matter, the Red Cross comes to the assistance and offers relief.

Public health hospitals are filled with ex-soldiers whom the Civilian Relief service is taking care of. A large percentage of these are suffering with tuberculosis and shell

## Helps Get Compensation.

The workers also follow up and aid all men who discontinue training.

#### PERSHING'S TRIBUTE TO THE RED CROSS

"It gives me real pleasure to pledge my hearty support to the American Red Cross. While the opportunity for its greatest service comes during times of war, and its achievements during the late World war have been unparalleled, yet there is and perhaps there always will be a vital need for the humani-

"The present and former service men can never forget the Red Cross, not only for what it did for them during the war, but for what it is doing now in the army camps and posts and wherever needed in assisting the ex-service men throughout the country. The value of the American Red Cross as a peace time organization can hardly be over-estimated, and we owe it our loyal support and active co-

operation. "JOHN J. PERSHING.

CARE FOR WOUNDED BUDDIES

Nation-Wide Movement to Aid and Cheer Thousands of Wounded Men Now in Hospitals.

A nation-wide movement to care for the 17,000 ex-service men who are now in hospitals suffering from disabilities incurred in the service, has been launched by the American Legion through its Americanism commission. Bulletins have been issued to state chairman asking them to organize local Legion post committees to co-oper-WORLD TO BE REPRESENTED ate with the hospitals for the entertainment of the men in the wards, and for their care after discharge. Delegates Will Be Present at Cleve-

Efforts will be made to provide visitors for those men who are confined to hospitals to mitigate the loneliness All roads will lead to Cleveland so of their enforced inactivity, and in far as the American Legion is conthis part of the program the Women's cerned when the second national con-Auxiliary is expected to be of particular value. ber 27 to run for three days. Fifty

To men who are discharged individual assistance will be given by members of the local Legion post in securing work and in straightening out any difficulties that may arise in the matter of compensation, insurance and so on. A system of interstate co-opera tion will provide for every man who leaves a hospital in one state, a welcome in the state for which he is bound.

"If there is any one thing that all members of the Legion are agreed on more than anything else, it is that wounded men should be generously taken care of." declared Arthur Woods, chairman of the Americanism commission. "It is the personal contact with the man that counts. We must show him that we are genuine friends. And certainly, no man ever needs a shove upward more than a discharged, disabled service man who has to make up so much lost time under such tremendous handicaps. I know you will agree that this is a challenge to service on our part which we, of the Legion, will not ignore."

#### it will send a delegation across the At-WAR ENDED KENTUCKY FEUDS lantic to attend. One post in Detroit

Youths and Mountaineer Parents Who Were Estranged, Brought Together at County Reunion.

The war has brought peace to the embattled mountaineers of the famous feudist countles of Garrard and Lincoln in Kentucky. For more than a generation these neighboring but not neighborly counties were estrangedthe inhabitants of one being sworn enemics of the natives of the other and many were the brushes between them. which, though not bloodless altogether, happily produced no fatalities.

Then came the war and the youth Garrard and Lincoln counties since the war ended. Boche together, sharing together the dangers, discomforts and great mo. or hut in camp, a movie show is given, ments of battle. The sea stood between them and the old quarrel at Little by little the ancient grudge faded away until the boys from Lincoln and the boys from Garrard were actually fraternizing in the rest billets back of the line.

They came home together. For the moment they had had enough fighting. They could see no point in keeping alive the traditional quarrel between their respective countles. So, recently officers of the American Legion posts of Stanford, county seat of Lincoln county and Lancaster, county seat of Garrard county, got together and agreed upon a grand reunion and "peace" celebration of the residents of both counties. The affair was held under the auspices of the Legion and old feudists whose sons shared the same shell hole together in France, shook hands for the first time in their lives and called it quits.

#### SIMS EXPRESSES WARM TRIBUTE TO RED CROSS

"Government officials can make no expenditures, even for the relief of suffering and in aid of our disabled heroes, in the many urgent cases that have not been foreseen and provided for by law; and often the necessarily cumbersome machinery of government departments renders prompt action difficult if not impossible.

"The Red Cross can and will perform these essential services promptly and efficiently to the extent rendered possible by public support. It has demonstrated its efficiency both in the great war and in peace, and deserves the support of all who have the health and welfare of our people at heart.

"WILLIAM S. SIMS,

## **RED CROSS HELPS** SOLDIERS IN CAMP

Life in any military or naval camp at present, especially in the hospitals, would be considerably dull were it not for the Red Cross. It is the same everor well, find serving them, now, even though two whole years have elapsed

with a full vaudeville show as an added attraction at least once a week. In the hospital wards where the patients are too ill to leave their beds, these shows are staged there for them. The convalescent houses and buts of the Red Cross are the enlisted men's clubbonse. In them are held not only the shows, but frequent parties as well, just as was done when most of America's young manbood was frequenting such places. Excursion trips for the wounded, too, are furnished by the Red Cross. Athletic equipment of almost every description can be had at every camp for the

service in the Central Division at Cross chapters. present is confined to the five camps in this section-Great Lakes Naval Training Station, Camp Grant, Ill.; Ft. Des Moines, In.; Camp Custer, Mich., and Ft. Sheridan, Ill.

Thousands of the wounded, sick and well soldiers and sailors in these camps swear by the Red Cross-not any more stanchly, however, than the many other thousands still in the service and the millions who have left it. They have the Red Cross to thank for many pleasant hours and attentions they would not enjoy had the organization demobilized its army of military workers and let the memory of the men still in the hospitals and camps slip from its mind.

Health is the second blessing that we mortals are capable of-a blessing that money cannot buy.-Izaak Walton.

# FIRST AID WORK IS BEING PUSHED

Two phases of the Red Cross work that are being pushed under the peace program of the organization are first aid and life saving-two principals with which every person should have at least the fundamentals, for there is no tellings at what time they will prove of vital need.

In the central division, in particuiar, is this work being carried on extensively and intensively. More chapters have taken up this line of work and the number of schools which have adopted courses in first aid is inreasing with considerable rapidity.

During the last few months the Buread of first aid has been instrumental in introducing courses in the normal schools in each of the states, with the result that several hundred teachers now are prepared to act as instructors. In several instances enough interest has been aroused in the normal schools to have work continued throughout the year.

Swimming Activities Grow.

Swimming activities have been exceptionally well carried on, particularly at Muskegon, Mich., where, under the auspices of the Chicago chapter, more than 400 boys were taught swimming, life saving and elementary first aid under expert instructors,

Ludington, Mich., also employed a permanent teacher for swimming and helping Red Cross these veterans, sick life saving and reports excellent attendance in the classes. Many applications have been received from chapters throughout the division for the marched off together. They went One of the principal features of its use of a swimming teacher, but, unoverseas together and fought the work is the entertainments it ar- fortunately, up to the present time Each night in every theater there have not been enough teachers

Milwaukee Chapter Busy.

# Still Adept as Soldiers

These are a few of America's unfortunate war heroes in Uncle Sam's hospitals, for whom the Red Cross is doing everything possible to lighten their load. The picture shows a group of crippled doughboys proving they still are experts at the manual of arms. It was taken at a recent field meet staged by the Red Cross at Ft. Des Moines, In.

#### **HEALTH DRIVES** Emblems for All Who Served in World War Ready for Distribution PROVE SUCCESS on Armistice Day. Nearly 5,000,000 Victory medals, turned out by a lengthy and involved

ocess of manufacture, now are Red Cross Centers Are Teaching Public How to Keep in Condition.

> Realizing the importance of combating and preventing diseases this winter, the American Red Cross Health centers are centering their efforts on health campaigns in the various states of the central division.

> The health center is of even greater service to the well than the sick. for by means of health education it prevents diseases and conducts its health campaigns to meet local needs. A Red Cross health center may be only a room with a volunteer or paid lay worker in charge, yet it can be a most important factor in the prevention of diseases and the promotion of health in the community. The health center work has advanced so rapidle during the last year it now is a part of the civic welfare organization in the majority of towns.

application of a hydraulic pressure of 120 pounds. An automatic sand blast For the coming health campaigns in and an alcohol bath also were utilized the states, particular attention is bebefore putting the final lacquer on the ing paid to the small community and to the outlying districts. The influ-Not only Legionnaires but many ence of the chapter's headquarters is other ex-service men will take part in being considerably increased or exthe Armistice day celebrations in all tended throughout the county by the establishment of small branch health centers in the more remote sections. Volunteers Ald Work.

In most cases these branch centers are being placed entirely under volunteer management and the exhibits. demonstrations, lectures and the like of the main health service are being repeated at each of the branches.

In reports from many chapters it is found that the health center director is resourceful to the extent that she does not wait until people call individually at the health center for information. She will stimulate constant demand for health information and provoke inquiry. In this way she reaches many who otherwise would be neglected. In still other counties where trained workers are not available at this time, some women have stepped in and organized the work and carried it on until they have received

The Red Cross health center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

Uses Business Methods. It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like brooms and soap. Therefore, it establishes business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract eral manager of the Legion's official

customers The Red Cross health center is of service to the sick in that it obtains reliable and complete information about existing clinics, hospitals, sanstoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about when to consult a physician and why to shun the quack and

his nostrums. The central division has thirty-three health centers in operation. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross health center is its health education service which teaches well people to keep

#### RED CROSS ALWAYS READY IN DISASTER

The Red Cross is always prepared. FRENCH WAR ORPHANS' FUND When disaster hits a community this organization can be depended upon to follow right at its heels with help Total Reaches \$1,275, Sufficient to for the stricken people.

Red Cross relief is always forthcoming-food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar. No matter what the disaster may be-fire, flood, earthquake, explosion, bad wreck or tornado-the Red Cross is always able to cope with the situation.

During the last year there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Tex., and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illi-

In these events of horror, 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30, 000 families needed help, the property A specific child will be assigned to loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies, was ex-

To the sufferers from all disasters during the year the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be abso sure the Red Cross will be on hand to help them in every way.

tarian work which it renders.
